

NIDER

Budget Priced Value Engineered Machinery

NIDER - Provides a low-priced range of machinery to compliment our well-known Swedish manufactured - ARBOGA brand.

All NIDER machines have been sourced from reputable far-eastern manufacturers, and upon arrival at our Swedish factory, are submitted to rigorous testing procedures, and electrics up-rated to meet our exacting requirements.

NIDER products are covered by a 12 month parts warranty, with spare parts freely available from our stocks in Sweden

NIDER represents an alternative value for money solution, where budgets are restricted and a low-cost replacement is sought.

NIDER NI 30 VE

Fully equipped sturdy fixed-head belt-driven drilling machine, ideal for light-duty production, maintenance or education. Complete with work-light, coolant, and automatic reversing unit. With variable frequency controlled spindle speeds, and digital display. Easy to operate, meeting the requirements of the latest CE directive, with drill guard, emergency stop and T.O.N.V.R starter.

Technical Data:

Drilling capacity	Ø 30 mm
Tapping capacity	20 mm
Distance Drill to Column	204 mm
Morse taper	MT 3
Spindle travel	135 mm
Spindle diameter	62 mm
Column diameter	92 mm
Size table	460 mm x 360 mm
Spindle nose to table	Min/Max 200/625 mm
Spindle nose to footplate	1150 mm
Spindle speeds	150~3000 rpm
Machine size, mm	915 x 460 x 1860
Net weight	220 kg
